

Join us for this unique event where we The Timble Inn will join forces with the team from Slingsby Gin to showcase the finest food and drink crafted right here in Yorkshire.

The event will begin with a summer gin party on the patio with canapes and welcome drinks being served along with an introduction to the Slingsby brand and their wonderful products. The party will then make its way to the Inn for a 6 course meal to be accompanied by a selection of beverages designed by Slingsby expert mixologists Alex & Louise who will be on hand to talk you through their exceptional gins long into the evening. The menu will be specially crafted by our Head chef Georgina Welburn in conjunction with Slingsby mixologists to create a truly one of a kind 'drink and dine' experience. This event will be the first time Slingsby have showcased their exclusive 'special batch' gins outside of their Spirit of Harrogate store, so it's sure to be a truly memorable event.

The event is ticketed and availability is limited so book now to avoid disappointment!

If you would like to take full advantage of the event we also have a room inclusive package available.
