

## THE TIMBLE INN CHRISTMAS CELEBRATIONS

*On Christmas Eve as you arrive you will be welcomed with cakes and hot drinks before being taken to your rooms where Champagne and chocolates await. Once you have taken some time to settle in and familiarize yourselves with the Inn, unwind, sample a gin and acclimatize to the pace of Timble time.*

*As the clock winds closure to the arrival of Saint Nic your first offerings from Chef Cann will aid you through those last few giddy hours. Choosing from the specially constructed a la carte and classics menu, as you sip your complimentary Champagne.*

*As Christmas day begins and the stockings are opened your next port of call is to our famous full Yorkshire breakfast. After which perhaps a walk around the reservoir or just a stroll around the village. As an alternative our comfy guest lounge with a log fire and soft leather sofas may afford you an opportune moment to open your latest gadget from Santa.*

*As the day rolls on the coup de grace of your stay awaits, the Christmas dinner! Along with a touch more Champagne and canapes with your fellow guests in the lounge.*

*During the evening of Christmas Day, each room is presented with our luxury grazing hamper to help stave off any lingering hunger. We pride ourselves on offering a relaxing experience and never more so than at Christmas, so please feel free to make any special requests that will make your stay more homely and we will endeavor to provide.*

*St Stephens Day will come round all too quick, and the thoughts of New Year's resolutions to atone for the past 2 day's indulgence will be all too real. Our solution, further indulgence to at least make the regret worth it!*
