Peakland Blue: Lovingly handmade by Hartington Creamery a small artisan Creamery at Pikehall Farm, in the Village of Hartington in the Peak District. The creamery only uses local Derbyshire Dales milk to create this pale yellow in colour, mild and tasty blue cheese. Peakland Blue has won several local regional and national awards. For those looking for something blue, unique and a little different this is the one for you.

Quicke's Mature Cheddar: This is a ten-month matured Cheddar, made on the Quicke family farm in Devon. The texture is smooth and moist, and the taste is deep, clean and true, this excellent cheese leaves the mouth tingling. A must for all Cheddar connoisseurs!

Traditional Wensleydale: This semi-hard full fat cheese is made at the Hawes Creamery, where it has been produced for nearly a century, using milk from forty-three farms all within ten miles of the Creamery.

Quickes Goats: Handcrafted by the Quicke farm in Devon using locally sourced goat's milk, clothbound and naturally matured, typically for 6 months. Vibrant, almondy, buttery: a delightfully different goat's milk cheese.

Cricket St Thomas Camembert: This cheese is rich and creamy with a soft, edible white rind. A British alternative to the famous French classic, with a notable flavour difference which is the result of using local, Somerset milk. As the cheese matures, the curd softens, and the cheese develops a fuller flavour.
